# FOREWORD

We are pleased to send the calendar of training activities developed by the European Judicial Training Network (EJTN) for 2020.

The EJTN 2020 offer is designed to address the interests and needs of European judges, prosecutors, judicial trainees and trainers from across Europe regarding training on EU law, Rule of Law, judgecraft, training methodologies, linguistics and societal issues.

The objective of EJTN's 123 seminars presented in this calendar, as well as EJTN Members offer, is not only to increase participants' knowledge and skills, and change their attitudes, but also to deepen trust between judges and prosecutors of the EU Member States, as well as of Western Balkans.

EJTN's activities are the outcome of the cumulative efforts of EJTN's Members, encompassing all national training institutions from all 28 EU Member States and the Academy of European Law (ERA), with the goal of shaping the future of European judiciaries.

EJTN's programmes and activities are built on an extensive training needs analysis including an evaluation of the past events. These needs are expressed by EJTN's Members, participants of EJTN's activities, numerous partner organisations,

including judicial networks and associations, as well as the European institutions and EU Council Presidencies.

We are grateful to everyone involved in the development and implementation of activities: EJTN Member institutions, Working Group Programmes and its 5 Sub-Working Groups members and conveners, activity coordinators, experts and project managers of the EJTN Secretariat.

Please find here an overview of EJTN's wide range of training activities as well as information on how, when and where to apply. We encourage everyone to take part in the presented seminars and other training opportunities and to further disseminate information about EJTN's training activities.

This calendar also presents EJTN's e-training offerings, EJTN's database of materials and resources, and a newly developed tool – an English language self-test. Please note that the EJTN flagship activity, Exchange Programme, is not presented in this calendar.

Finally, we would like to express our thanks to the European Commission for its financial support on the EJTN that made it possible to offer such a rich array of judicial training opportunities.

# CATALOGUE OF MEMBERS' ACTIVITIES BY DATE

EJTN offers its Calendar of Members' activities promoting various judicial training within the European Union countries, integrating the activities organised by EJTN's judicial institution members.

141 seminars are offered for this new year 2020 by the judicial institutions, as well as those co-financed by the European Union, which are all addressed to European Judges and Prosecutors.

All activities are EU-Law related and touch upon Administrative Law, Civil Law, Criminal Law, and International Law and other topics, such as Forensics, Human Rights, Judicial Skills, Linguistics, Professional Practice, Society Issues and Teaching Methods.

European Judges and Prosecutors can benefit from the EJTN Scholarship Fund, which allows them to participate in training abroad.

# VIRTUAL LEARNING

[learning.ejtn.eu/course/view.php?id=8](http://learning.ejtn.eu/course/view.php?id=8)

In its drive to adopt the best of modern learning technology and to tailor judicial training to today's environment, EJTN's virtual learning package encompasses both blended and eLearning components.

## BLENDED LEARNING

EJTN's blended learning modules successfully combine the best elements of virtual and traditional classroom-based learning.

Several of EJTN's training seminars feature pre-classroom self-study components, which are to be completed by participants online before the classroom study commences. Designed to maximise learner engagement and interaction, these activity-rich modules allow participants to come fully prepared to the classroom.

With the help of expert virtual learning consultants, EJTN has prepared blended learning modules for training seminars within its linguistics and criminal justice portfolios.

## eLEARNING

EJTN also features stand-alone eLearning, which delivers learning in a succinct format complete with self testing and links to background materials. EJTN's eLearning is ideal for a busy and highly mobile professional needing full flexibility in

determining when and where to learn.

# LANGUAGE TEST

## A NEW ONLINE TOOL FOR CANDIDATES TO ALL EJTN'S TRAINING ACTIVITIES

An online English language level test is now available on the EJTN website:

<https://learning.ejtn.eu/login/>

This allows potential participants to test their knowledge of legal English before applying for EJTN's training and give them an idea of the language level at which they currently are in order to help them choose the right activity.

Interested participants should access the website where they create their own profile in order to start the test.

The test has 50 questions testing grammar and vocabulary. Participants have a time limit of 45 minutes to complete the test. After completing the test, each participant receives a certificate from the system with the level attained. Interested candidates can repeat the test after one year.

EJTN's Methodologies & Resources Database (MRD) brings together the very best of judicial training resources from across Europe.

MRD is a centralised collection of searchable judicial training-related resources, which are sourced from EJTN, its Members and other stakeholders. The available resources cover the broadest range of topics, including criminal and civil law, human rights, administrative matters, training methodology 'Judgecraft' and linguistics.

The format of the resources includes links to e-Learning opportunities, training materials, reports, case studies, podcasts, bibliographies, as well as handbooks and guidelines.

Searching for resources couldn't be easier than with the use of MRD's user-friendly search interface! Search by title, topic, sub-topic, format, language or source.

The screenshot shows a search results page titled "Search Result". At the top, there are filters for "Administrative Matters (3)", "Civil Matters (41)", "Criminal Matters (16)", and "EU (17)". Below these, there are sub-filters for "Human Rights and Fundamental Freedoms (5)", "Linguistics (24)", and "Training Methodology (8)". The main content area displays three search results, each with a right-pointing arrow icon. The first result is "The fact sheet on Dublin cases", categorized under "Administrative Matters" and "EU migration and asylum law". The second result is "Handbook on European law relating to asylum, borders and immigration", also categorized under "Administrative Matters" and "EU migration and asylum law". The third result is "Protecting migrants under the European Convention on Human rights and the European Social Charter", categorized under "Administrative Matters" and "EU migration and asylum law". Each result includes a brief description of the resource.

Available 24/7 and featuring resources in your language, EJTN's new MRD Methodologies & Resources Database continues to grow and bring you the best of European judicial training resources!
